

A spark for the reawakening of humanity

"This book will be one I treasure, for it is rare indeed—the articulation of the divine feminine for both children and adults, a bridge between our spiritual beginning and our spiritual future, a spark for the reawakening of humanity." ~ Elizabeth Hall Magill

*"Want to change the world in one generation? Every parent should read and share *The Girl God* with their children... and with their hurting inner child. It is full of stunning artistic illustrations by artist Elisabeth Slettnes. Both have collaborated in this extraordinary gift to humanity. A true masterpiece!"* ~ Vrinda Puja

"...a remarkable addition to interfaith literature for children and especially for young girls." ~ North American Interfaith Network

The Girl God promotes a fresh look at our assumptions about the divine – recovering the lost part of our story for generations. The book was written with the girl-child in mind, however many women have found the book healing.

The story was inspired by a conversation with my young daughter when she could not relate to the male image of God. In addition to the storyline, *The Girl God* contains 36 quotes and poems from everyone from Sojourner Truth to Gloria Steinem - as well as gorgeous paintings by renowned artist Elisabeth Slettnes.
